

TempusDirect Joins the CCC Network to Deliver Third-Party Casualty Solutions

May 4, 2023

Integration Establishes a Single Workflow for Insurers to Optimize the Review, Adjustment, and Negotiation of Third-Party Medical Bills

CHICAGO--(BUSINESS WIRE)--May 4, 2023-- [CCC Intelligent Solutions Inc.](#) (CCC), a leading cloud platform powering the P&C insurance economy, announces today that TempusDirect (Tempus), an innovation leader in repricing services for third-party medical billing, is the newest company to integrate into the CCC Network. CCC Casualty customers will be able to perform medical bill review in CCC's Injury Evaluation Solutions (IES) offering and seamlessly refer medical bills to Tempus for a variety of services. Referral results will be returned to CCC's IES where the adjuster can easily apply adjustments and finalize an evaluation with the click of a button.

"We are excited to work with CCC and integrate with their best-in-class bill review platform, helping our customers pay what they owe with the most efficient workflow possible," said Josh Dickerson, COO and Cofounder at TempusDirect. "By working with CCC we can help our mutual customers identify eligible bills, ingest referrals automatically or manually based on customer preference, and provide these valuable services in an integrated solution that will be unmatched in the industry."

CCC can help carriers identify and flag casualty risks early in the claims process through photo-based AI, segment those claims properly, and then – leveraging its newly upgraded bill review engine – facilitate line-level bill evaluation in ways that are intuitive for the adjuster to ensure reasonableness of charges and treatment patterns. With the Tempus integration, adjusters will be able to seamlessly add collateral source validation, live benchmarking, and direct-to-provider networks and negotiations.

"Combining CCC's bill review engine and full suite of offerings with integrated access to TempusDirect's suite of direct-to-provider solutions will create powerful synergy to drive outcome accuracy," said Kevin Moynihan, Vice President of Product Management at CCC. "This integration also improves the adjuster experience by eliminating the need to access multiple systems to perform these critical evaluation activities. We can't wait to help more insurers connect with Tempus offerings - both current and future."

Added Mike Silva, CCC's Executive Vice President of Customer Success, "CCC is always looking to innovate on behalf of our customers, and that includes serving as a hub for companies whose complementary solutions add unique benefits. I'm excited about the value our work with Tempus will bring to the market and our growing customer base."

Special Note Regarding Forward-Looking Statements

This press release contains forward-looking statements that are based on beliefs and assumptions and on information currently available. In some cases, you can identify forward-looking statements by the following words: "may," "will," "could," "would," "should," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "project," "potential," "continue," "ongoing" or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words. These statements involve risks, uncertainties and other factors that may cause actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. Forward-looking statements in this press release include, but are not limited to, statements regarding future use and performance of CCC's digital solutions. Such differences may be material. We cannot assure you that the forward-looking statements in this press release will prove to be accurate. These forward-looking statements are subject to a number of risks and uncertainties, including, among others, competition, including technological advances and new products marketed by competitors; changes to applicable laws and regulations and other risks and uncertainties, including those included under the header "Risk Factors" in most recently filed Form 10-K by CCC with the Securities and Exchange Commission ("SEC") on March 2, 2023, which can be obtained, without charge, at the SEC's website (www.sec.gov). The forward-looking statements in this press release represent our views as of the date of this press release. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we have no current intention of doing so except to the extent required by applicable law. You should, therefore, not rely on these forward-looking statements as representing our views as of any date subsequent to the date of this press release.
