

## CCC® Repair Workflow Integrates with Tekion's Cloud-Native Platform

February 4, 2025 at 8:00 AM EST

*Integration Enables Dealer-Owned Collision Centers to Seamlessly Manage Repairs from Start to Finish, Saving Time and Improving Vehicle Owner's Experience*

CHICAGO--(BUSINESS WIRE)--Feb. 4, 2025-- [CCC Intelligent Solutions Inc.](#) (CCC), a leading cloud platform provider powering the P&C insurance economy, announces today the integration of its industry-leading [CCC® Repair Workflow](#) shop management solution with Tekion's dealer management system (DMS), which is part of their [Automotive Retail Cloud \(ARC\)](#) platform, the first cloud-native platform serving the entire automotive retail ecosystem. This integration connects two critical systems for dealer and repair center operations, streamlining repair management and creating visibility from the inception of the repair to billing.

"Dealer management systems are the source of truth for today's modern automotive dealerships," said Mark Fincher, vice president of product management at CCC. "Dealer body shops rely on specialized technology to manage the collision repair process. Without integrations between body shop systems and dealer management software, these processes often require manual data entry, leading to inefficiencies and errors. Integrating CCC ONE with Tekion bridges two critical systems, helping dealer body shops streamline operations, reduce inefficiencies and gain access to leading repair management solutions. We're excited to partner with Tekion to enhance connections across the industry."

The new integration synchronizes essential data, including repair order numbers, vehicle information, repair history and accounting details, creating a smoother process for dealerships. By reducing the time spent on manual data entry and reconciliation of general ledger entries, repair centers can focus on delivering repairs more efficiently, improving cycle times and increasing shop productivity. This ultimately leads to faster repairs, which, in turn, contribute to an overall better experience for the vehicle owner.

"We're pleased to integrate with CCC Intelligent Solutions, offering our dealers a seamless way to access advanced repair management tools," said Guru Sankararaman, chief operating officer at Tekion. "CCC's technology enables our dealers to streamline operations, optimize workflows, and ensure seamless and efficient service for their customers."

### Special Note Regarding Forward-Looking Statements

This press release contains forward-looking statements that are based on beliefs and assumptions and on information currently available. In some cases, you can identify forward-looking statements by the following words: "may," "will," "could," "would," "should," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "project," "potential," "continue," "ongoing" or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words. These statements involve risks, uncertainties and other factors that may cause actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. Forward-looking statements in this press release include, but are not limited to, statements regarding future use and performance of CCC's digital solutions. We cannot assure you that the forward-looking statements in this press release will prove to be accurate. These forward-looking statements are subject to a number of risks and uncertainties, including, among others, competition, including technological advances and new products marketed by competitors; changes to applicable laws and regulations; and other risks and uncertainties, including those included under the header "Risk Factors" in CCC's filings with the Securities and Exchange Commission ("SEC"), including the Form 10-K filed February 28, 2024, which can be obtained, without charge, at the SEC's website ([www.sec.gov](https://www.sec.gov)). The forward-looking statements in this press release represent our views as of the date of this press release. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we have no current intention of doing so except to the extent required by applicable law. You should, therefore, not rely on these forward-looking statements as representing our views as of any date subsequent to the date of this press release.
